

WEEKLY UPDATE

01/06/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are pleased to report that we have no new cases of COVID-19 this week. Our total number of cases since the onset of this pandemic are 44 residents and 35 staff members. We are continuing to test all residents and staff twice per week, residents on Mondays and Thursdays, staff on Tuesdays and Fridays.

College Park Rehab is excited to be receiving the second dose of the COVID 19 vaccine, facilitated by Walgreens Pharmacy, on Monday January 11th with the majority of our staff and residents having already received the first vaccination on 12/21/20. As we move forward into this new year with hope for better days ahead, we will continue to do our part and put forth every effort possible to keep our residents, staff, and families safe

Window visits can still be scheduled with the facility receptionist. Visits should be scheduled at least 24hrs in advance, and all visitors must wear a mask.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (702)644-1888.

Sincerely,

Julie Liebo
