

COVID-19 NOTIFICATION

12/1/20

Number of additional confirmed COVID-19 cases: 1

Please continue to check our website for additional updates and information on what we are doing to help prevent further spread of COVID-19 in our facility.

If you have any questions or concerns about this notification, please contact us directly at 702-644-1888.

WEEKLY UPDATE AND NOTIFICATION OF NEW CASE

12/10/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility as well as notification that we received confirmation that 1 staff member has tested positive for COVID-19 this week, which brings our total number of cases since the onset of this pandemic to 44 residents and 33 staff members that have tested positive for the virus. We are continuing to test all residents and staff twice per week, residents on Mondays and Thursdays, staff on Tuesdays and Fridays.

As you have probably heard, the CDC recently announced that healthcare workers and long-term care residents should be among the first group of people to receive the vaccine for COVID-19. We are optimistic this will help stop the spread of this virus in our community. Consents for the vaccines are currently available and while we do not have the exact dates that the vaccines will be administered, we will let you know as soon as that information is available. In the meantime, please continue to do your part in limiting the transmission of COVID-19 by wearing masks, washing your hands and keeping a safe distance from others.

We are also working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (702)644-1888.

Sincerely,

Julie Liebo

Christmas Holiday Update

Dear Residents/Families/Friends,

With Christmas and New Year's Eve around the corner, we would like to send you and your loved ones the warmest of holiday wishes. We know how difficult it is to celebrate this time of year without the same traditions we have all grown accustomed to, but with the COVID-19 vaccine becoming a reality in the very near future, we are more hopeful than ever that 2021 will bring happier and safer times for everyone.

As always, we are extremely grateful that you have entrusted your loved ones to our care and we are making every effort to provide our residents with wonderful holidays. A traditional dinner will be served as well as plenty of festive goodies, we will also have staff on hand, Christmas Caroling, and spreading lots of Holiday Love and Cheer!

Window visitation for the holidays can be scheduled with the facility receptionist for Christmas Eve day.

College Park Rehab has been one of the first Clark County facilities to receive the COVID 19 vaccine., facilitated by Walgreens Pharmacy. We are pleased to report the majority of our staff and residents have been vaccinated, with a second round being administered January 5th 2021 for residents, and January 11th for staff. As a reminder, our cumulative number of cases to date are as follows: 44 residents and 33 staff members have tested positive for COVID-19. We have no new cases to report. Our regular weekly updates will resume next week and we will continue to update you on our website if we receive notifications of new confirmed cases of COVID-19. As always, if you have any questions or concerns please don't hesitate to contact us directly.

On behalf of the entire staff at College Park Rehabilitation Center, I wish you a happy, safe, and joyous holiday!

Sincerely,

Julie Liebo

WEEKLY UPDATE

12/29/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility as well as notification that we received confirmation that 2 staff members have tested positive for COVID-19 this week, which brings our total number of cases since the onset of this pandemic to 44 residents and 35 staff members that have tested positive for the virus. We are continuing to test all residents and staff twice per week, residents on Mondays and Thursdays, staff on Tuesdays and Fridays.

College Park Rehab is excited to have been one of the first Clark County facilities to receive the COVID 19 vaccine, facilitated by Walgreens Pharmacy. We began our vaccine clinic on 12/21/2020 with the majority of our staff and residents being vaccinated that day, the clinics will continue through the month of January. We are proud to be a part of the fight to eradicate this virus, and are hopeful for a cure in the near future.

Window visits can still be scheduled with the facility receptionist. Visits should be scheduled at least 24hrs in advance, and all visitors must wear a mask.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (702)644-1888.

Sincerely,

Julie Liebo
